

Turn your wired Modbus solutions wireless. Simple installation, big impact.

## Turn your Modbus wireless

Retrofit your SCADA systems and enjoy the benefits of short-range and long-range wireless technologies.

Compatible with RS-232 and RS-485 systems such as Modbus and BACNET. Supports Bluetooth LE and LoRa.

### Retrofit Easily

Avoid expensive upgrades - instead, retrofit your existing system with Midge's custom installation packages.

### Get Wireless

Midge supports a winning combination of short- and long-range technologies for ultimate flexibility to work with your SCADA system.

### Save Money

The most cost-effective solution on the market, it saves your business operational costs and avoids replacing existing systems.
